PREFACE.

The earliest Register of the Parish of Rowington, now extant, commences with the year 1638, those of prior date being unfortunately lost. The Transcripts at the Bishop's Registry, at Worcester, of earlier date, are contained on sixteen membranes, a separate one for each of the following years, 1616, 1619, 1620, 1621, 1622, 1623, 1624, 1628, 1629, 1630, 1631, 1633, 1634, 1635, 1636 and 1637, and are herein transcribed.

The existing Registers from 1638 to 1812 are contained in four volumes:—

Volume I. is a small vellum bound book, in fair condition, $9\frac{1}{2}$ in. by $5\frac{1}{2}$ in., containing eighty-three leaves of parchment, written on both sides, with two exceptions (viz., between 1723-4), with entries from 1638 to 1731. The writings in few places being faded and illegible.

Volume II. contains twenty-five leaves of parchment, bound in leather $13\frac{3}{4}$ in. by $9\frac{3}{4}$ in., with entries from 1732 to 1773 inclusive.

Volume III. is of same size, bound in board, consisting of forty-five paper leaves of printed forms for Banns and Marriages, four on each page, the last five leaves being unused, and contains entries of Banns and Marriages only from 1754 to 1812 inclusive.

Volume IV. contains twenty leaves of parchment, bound in leather, similar to Volume II., and of same size, with entries of Baptisms and Burials only, for years 1774 to 1812, both dates in all cases being inclusive.

It was a common practice for the clerk to make a rough note at the time of the ceremony, it being afterwards copied into the Register Book at a later date; as thus several entries would be copied at one time mistakes were made chronologically. The Editor has some of these rough notes in his possession, though not of Rowington.

As the legal year, prior to 1752, began on the 26th March, the yearly entries run from that date.

For the sake of abbreviation the letters "s" and "d" are generally used in this volume instead of full words of "son" or "daughter"; and the word "was" before baptized or buried is sometimes omitted, otherwise it is a true copy of the Original Registers.

Since the printing of the body of this Register, the "Digest of Parish Registers within the Diocese of Worcester and List of Bishops' Transcripts now in existence in Edgar Tower, Worcester,"* has made its appearance, and by the help of this useful handbook, three, and a portion of a fourth, Bishops' Transcripts of this parish, for 1612 (or 13), 1617, 1618, and 1626, have been found, and appear as an Appendix on pages 187-191.

A Digest of the Parish Registers

WITHIN THE DIOCESE OF WORCESTER,

Issued by the Committee of Parish Registers,

By Authority of the WORCESTER DIOCESAN CONFERENCE.

This Digest has been prepared under the direction of a Committee appointed at the Diocesan Conference, held at Birmingham, in 1896, and has been completed from the original Returns supplied by the Incumbents of the Parishes within the Diocese. The dates when each Volume of Registers commence and end, the number of leaves, material on which they are written, and the size and general condition, are all clearly stated under each parish.

Added to all this useful information, is a table showing for what years in every parish the Bishop Transcripts, previous to 1700, are now in existence in Edgar Tower, Worcester.

As only a limited number of copies has been printed, early application is necessary to secure a copy.
